

# Journey To A Better World

## Visual Story

Information to help you plan and prepare for your visit.

# Introduction

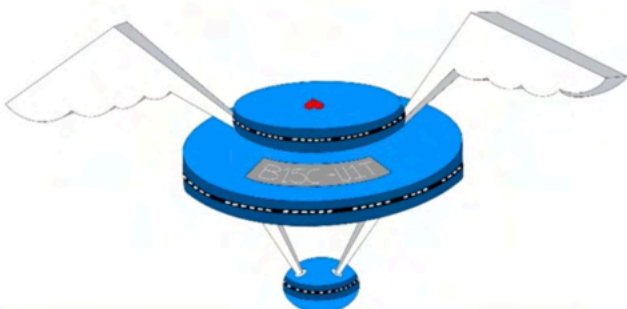

**Touretteshero** is a disabled-led arts company.

We have made a piece of art called **Journey to a Better World.**

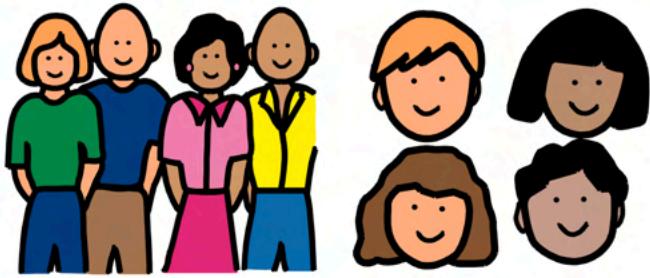

We have turned an event space into a spaceship.

Our spaceship is called the **Starship Biscuit.**

The Starship Biscuit is a fun place, and there are lots of different ways to explore it.

# About the Starship Biscuit

Our spaceship is for **people of all ages** – children, young people and adults.

It's a place where we can **imagine, play** and **create** together.

We are inviting **you** to join our crew of astronauts.

Together we will use our imaginations and creativity to **bring our spaceship to life.**

There **are places to sit** – including **beanbags, benches** and **seats.**

# Activities

These activities are available whenever the spaceship is open.

The **Captain's Log** booklet is available in the spaceship and online.

You can draw or write in this booklet. It is yours to keep.

The **Bubble Teleporter** creates a giant bubble with you inside.

If you are a wheelchair or mobility aid user there is a bubble that can come over you.

There is a **Captain's Chair** you can sit in with a control panel of buttons that you can press.

If you don't want to sit in the chair, the control panel buttons can also come to you.

**The Tranquillity Node** is a place to chill out and relax.

**The Solidarity Solar System** is where you can decorate your own planet and add it to the system or take it home.

**Suited for Space** is where you can customise your own space suit and imagine the adventures you might have in it.

**Zero G Sensory Play** is a place to explore different senses including messy worlds to feel with your hands.

**Our team** will be in the spaceship to **help you play.**

**You can choose** what activities you do and you can do them in your own way and at your own pace.

If you can **wear a mask** that's great. If you can't that's fine too.

We hope to **see you on our spaceship soon.**
